## SUPPLYING YOUR FUTURE

At Chancellors Electric, we are more than an electrical supplier. As a leader in electrical distribution and supply chain management, we strive to add value to your business with our experienced product specialists, design / build quotation experts and our professional counter sales associates. We also offer engineering services to industrial customers to help identify electrical improvements within your facilities. We are a Mississippi owned and operated company serving commercial, residential, industrial and OEM markets including poultry, shipbuilding, manufacturing, institutional and government customers since 1966. Our highly trained and knowledgeable associates work proactively to offer solutions to help streamline your supply chain.
